

HUERTA TEMPORARY MEXICAN PRESIDENT BY LARGE MAJORITY

Sonora Governor Wins 224 Votes As Against Gen. Gonzales' 28

VILLA GETS ULTIMATUM

Given Until Today to Decide Whether He Is At Peace or War With New Government

Mexico City, May 24. — Adolfo de la Huerta, governor of Sonora, was named president ad interim of Mexico by the extraordinary session of congress this evening. He received 224 votes against 28 for Pablo Gonzales.

Defacto Authorities Serve Ultimatum on Gen. Villa

Aboard special train of General Calles, Lo Flore, Coahuila, May 22. — (By the Associated Press.) — The defacto authorities of Mexico have served an ultimatum on Francisco Villa, giving him until May 25 to decide whether he is to be at peace or war with the new government. General P. Elias Calles announced today.

In making the announcement, General Calles gave The Associated Press his complete correspondence with Villa. Calles is minister of war under the defacto government.

May 25 The Last Day.
In his ultimatum to Villa, telegraphed today, Calles said:
"I shall wait until May 25 to receive your final decision so as to be able to give the necessary orders."

On May 20, at Chihuahua, General Calles announced he submitted to Villa the following proposition:
First. That Villa declare his retirement to private life.

Second. That with an escort of 100 to 150 trusted followers, Villa should go to Sonora and quietly wait until after the general elections are held in Mexico.

Third. That after the elections, Villa to retire to private life permanently, with permission to go anywhere he pleased.

Fourth. Such of Villa's men as desire to remain in the army would be attached to Calles' own forces, "for their own greater security."

Villa Boasts of Strength.
The day after this proposition was made, Villa telegraphed General Calles he would consult with his chief and communicate a decision within a few days. In this communication, Villa said he "was not the leader of a band, but head of a military and political party."

"If fate causes us to continue fighting and lose another 40 odd thousand of our brethren like those of yours I have killed in this beloved state, let God decide," he said. Villa thanked Calles for giving him "a few days of rest."

General Calles is taking vigorous measures for any eventuality concerning Villa, he said. A thousand cavalrymen already have been started from Cuahulla to Torreon for operations in Durango, and another thousand from Cuahulla for operations in Chihuahua.

Reaction Follows Killing of Carranza, It Is Said

Washington, May 24.—Official interest in the Mexican situation was intensified today by reports of a widespread reaction resulting from the killing of Venustiano Carranza, the deposed president. These indications were accompanied by information that the defacto government might have to face almost immediately, not only the problem of reducing Villa, the long-time rebel leader, to submission, but also, more important armed opposition.

Reports reached Washington today from the Mexican capital that men prominent in political affairs were suspected of preparing to take advantage of the indignation caused by Carranza's death to lead an avowed movement as did Carranza when Madero was assassinated in 1915.

No Alliance With Villa

Confirmation was received by the State department during the day of the failure of General Elias Calles to effect an adjustment between the defacto government forces and Villa. General Enriquez was said to have left Chihuahua Saturday with a strong force to cooperate with other troops in the pursuit of Villa, who then was located at Boquillas.

The development in the situation occurred here today when Luis N. Martinez, a confidential agent sent to the United States by Obregon, called at the White House to leave for President Wilson a message signed by Obregon, containing reassuring declarations as to the aims of the revolution.

Martinez, who is the generally acknowledged leader of Mexican labor and who was accompanied by several followers, supplemented General Obregon's message with a statement of his own, expressing the belief that a strong and unopposed government would be established.

\$404,984.78 IS SPENT IN BEHALF OF G.O.V LOWDEN

Evidence Submitted At Senate's Probe Into Campaign Expenses

HUGE OUTLAY IN OHIO

Expenditures in Harding-Wood Contest There Made New- berry "Look Like a Piker"

Washington, May 24. — Evidence that \$404,984.78 had been spent in behalf of Governor Lowden, Republican of Illinois, and a charge that the outlay in the Ohio primary contest between Senator Harding, Republican of that state, and Major General Leonard Wood, made Senator Newberry's Michigan campaign "look like a piker," marked the opening today of the senate's investigation into pre-convention campaign expenditures.

Frank H. Hitchcock, former postmaster general, who appeared as the representative of General Wood, threw but little light on the General's campaign expenses, and Senator Harding's manager was not heard today.

L. L. Emmertson, secretary of state for Illinois, was the spokesman for Governor Lowden. Of the total spent for Governor Lowden, he said, \$379,175.78 was contributed by the Governor himself. Friends gave \$35,825, he testified, before collection was stopped on orders from Mr. Lowden.

Detailing expenditures, Mr. Emmertson testified that a total of \$156,243 was sent into different states, the Michigan primary campaign, with \$29,141, taking the most.

Charges Big Expenditures.
E. H. Moore, who testified to contributions of about \$22,000 to the campaign of Governor Cox, Democrat of Ohio, made the charge of heavy expenditures in the Republican primary contest in Ohio, and provoked a hot partisan strife.

Mr. Moore told the committee that Colonel Procter of Cincinnati was the "angel" of General Wood's campaign in Ohio. He testified to extensive newspaper advertising in the primary fight and at one point was interrupted by Senator Spencer, Republican of Missouri, who said the witness was making general charges and demanded names.

"I know a chicken hawk from a hand saw," Mr. Moore retorted. "Call John H. Price, who ran the Wood campaign, and he'll tell you what the Harding men spent. Ask Harry M. Daugherty, Harding's manager, and he will tell you what the Wood men spent."

"Call John T. King, who started in as manager of General Wood's campaign. If you want to know about the story of the underwriting of the Wood campaign, I take it that this is a real investigation and not a sideshow. I personally know of a man who put up \$50,000 for Wood. If King won't tell you, I'll give you the name."

Dr. Randolph J. Hersey of Wheeling, appearing for Senator Sutherland, Republican of West Virginia, declared the Wood campaign in his state had been "like a circus with its gross publicity," Senator Sutherland, he said, had spent about \$5,000 in his campaign.

Pointexter Next to Lowden.
Senator Pointexter, Republican of Washington, with \$75,000, was second to Governor Lowden in size of expenditures actually developed, and Senator Johnson, Republican of California, with \$44,107, was third.

The largest contributor to the Johnson fund was R. E. Strausburger of Morristown, Pa., who gave \$27,000, according to Angus McSwen, manager of Senator Johnson's eastern headquarters. William Flynn of Pittsburgh gave \$7,500 to the Johnson campaign. Mr. McSwen testified.

H. M. Rice, secretary to Senator Pointexter, testified that J. S. Bacha, a banker of New York city, had furnished \$25,000 for the Pointexter campaign. While William H. Todd, a Brooklyn ship builder, had given \$20,000.

Mr. Hitchcock, who was the first witness of the day, told the committee that it had been understood when he joined the Wood organization that he was not to handle campaign expenditures, and said information as to them and expenditures could be obtained from Mr. Savage and Mr. Seldens.

APPLICATION IS DENIED.

New York, May 24. — The application of New York holders of the New York, New Haven and Hartford railroad for the appointment of a limited receiver to preserve the corporation's right of action against the board of directors, formerly headed by William Rockefeller, for the restoration of approximately \$100,000, alleged to have been wasted by the board in improper purchases, was denied today by Federal Judge Julius W. Mack.

JOHNSON LEADS OREGON.

Portland, Ore., May 24. — Returns from the Oregon primary election held Friday, compiled by The Portland Oregonian tonight, gave Senator Hiram W. Johnson a margin of 872 votes for the Republican presidential preference.

RAIL CARRIERS PLEAD FOR HIGH FREIGHT RATES

Advance Needed to Pro- vide Additional Rev- enue, They Say

WOULDN'T BOOST H.C.L.

Commission Is Told Speedy Transportation of Goods Would Cut Living Costs

Washington, May 24.—Belief that advances in freight rates to provide more than a billion dollars additional revenue asked by the nation's railroads would not increase the cost of living, as expressed by spokesmen for the carriers in opening their case today before the Interstate Commerce commission.

"Nothing that I know of," said Daniel Willard, president of the Baltimore and Ohio railroad, "would reduce the cost of living so much as the prompt and speedy transportation of goods." He added that the revenues asked as necessary to provide the six percent return guaranteed by the government in the transportation act, would enable the carriers to purchase sufficient equipment to move quantities now available to reach a market.

Frederick Strauss of New York, also appearing for the railroads, declared that a 50 or 60 percent increase in freight rates would have no appreciable effect on the present movement to bring down living costs.

Does Not Include Wage Demands.
Questioning of Howard Elliott, of the general rate committee of the association of Railway Executives, who presented introductory testimony for the carriers as a whole, developed that the additional billion dollars requested is not regarded by the railroads as covering wage increases estimated at more than a billion dollars annually, included in demands presented to the railroad labor board.

Mr. Willard made the initial presentation of testimony for the eastern group of railroads, who are asking an increase of 39.4 percent in rates to produce about \$559,000,000.

Mr. Strauss contended for higher rates as necessary to bolster up the weakened market for railway securities. Unless carriers can complete with other industries as a profitable investment, he asserted, government ownership is the only alternative to keep the transportation systems of the country going.

Cattlemen Oppose Rate Increase.
Opposition to any rate increase was expressed by S. H. Cowan, representing the Texas Cattle Growers' association. Cattlemen are against any raise in rates for profits, he said, adding that if the roads could not support themselves it was their own misfortune.

Cross examination of the carriers' witnesses was conducted at length by representatives of the shippers. Mr. Willard in reply to questions said there were some 10,000 more men employed by the Baltimore and Ohio railroad than before federal control, but explained that this was mainly due to the change from piece basis work to the day system.

Asked regarding the advisability of raising passenger rates, Mr. Willard declared it his personal opinion that the public would rather have the increase come on freight.

G. M. Scriven, vice president of the Baltimore and Ohio, and Samuel H. Cox, of the Pennsylvania Lines, will continue tomorrow the presentation of the arguments of the eastern carriers.

URGE EXCISE TAX ON PRINT PAPER TO CUT CONSUMPTION

Washington, May 24. — An excise tax on print paper to curtail consumption will be one of the recommendations of the senate manufacturers subcommittee investigating the print paper shortage. A bill for that purpose, long drawn by the committee, as agreed by the federal trade commission. The amount of the tax and other details remain to be worked out.

Amendment of postal regulations to permit small quantities of print paper to be shipped to any part of the country at a flat rate of one cent a pound also will be recommended. The present maximum weight of 75 pounds would be retained.

"LUCK TOKEN" FOR TIGERS.

New York, May 24. — A tiger's claw, a "luck token," from George H. Brown, former premier of France, was received today by Hugh Jennings, manager of the Detroit Tigers. Detroit defeated New York 2-0.

"I wish we couldn't help winning today with such a jinx chaser," commented Jennings after the game.

MANAGER OF REDS SUSPENDED.

Chicagoh, May 24. — Manager Pat Moran of the Reds was suspended today by President Herdler of the National League until he apologizes for remarks attributed to him in a newspaper article about the conduct of umpires in recent games at Redland field. Moran denies that he made such a statement.

ASKS AUTHORITY FOR AMERICA TO ACCEPT ARMENIAN MANDATE

President Wilson Says He Thinks It Is De- sired By People

NO ACTION IS TAKEN

Executive's Message, Read to House and Senate, Is Re- ferred to Committee

Washington, May 24. — Authority to accept for the United States a mandate over Armenia was asked of congress today by President Wilson. The executive said he was conscious that he was urging "a very critical decision," but that he did so "in the earnest belief that it will be the wish of the people of the United States that this should be done."

The President's message was read in both the house and senate, but was discussed in neither. Each house referred it to its committee on foreign relations, and there was no indication when either committee would take it up. Some Republican leaders in the senate predicted privately that the message would lie in the senate committee indefinitely.

Senator Lodge Opposes Mandate.
Senator Lodge of Massachusetts, the Republican leader and chairman of the senate committee, had no comment to make on the President's recommendations. In the past, however, he has declared emphatically his opposition to a mandate.

Senator Harding, Republican of Ohio, chairman of the committee which investigated Armenian affairs, said he would never consent to taking a mandate over Armenia, and added:

"The question of a mandate over Armenia was discussed at length in the report of the American mission to Armenia, headed by Major General Harbord, which recently was presented to the senate. General Harbord estimates that acceptance of the mandate would necessitate the presence of 50,000 American troops there. Other estimates, however, have placed it at less once the Turkish army had been demobilized in accordance with the terms of the Turkish treaty."

PALMER PUTS BLAME ON WAR DEPARTMENT

Says It Was Forewarned of Bergdoll's Plan to Escape From Custody

Washington, May 24. — Both the army intelligence corps and the department of justice were forewarned that Grover C. Bergdoll, draft evader, planned an escape from custody, Attorney General Palmer declared in a statement tonight disclaiming responsibility on the part of his department for circumstances which permitted Bergdoll to get away. Information that a plot with an escape in view was under way, Mr. Palmer said, was first obtained by the army authorities and was given by them to his department.

"The department of justice received a letter from one of its special agents dated April 30," Mr. Palmer added, "to the effect that Bergdoll would make application for a writ of habeas corpus, which would take him temporarily out of the custody of the War department and place him in the custody of a marshal or deputy marshal; that pending these proceedings he would attempt to make his escape, or, if allowed half, would jump his bail bond."

"The bureau of investigation made its plans therefore to prevent any escape in case of application for a writ of habeas corpus. No such application was ever made, and Bergdoll did not come within the jurisdiction of the department of justice in any manner that would warrant our interference."

"At the time of Bergdoll's escape, he was in the jurisdiction and custody of the war department. The information embodied in the letter above referred to first came to the attention of one of the officers of the military intelligence division of the war department, who communicated the information to our agents."

Still No Trace of Bergdoll.
Philadelphia, May 24. — Colonel Thomas Q. Donahoe, of the inspection general's department, Washington, and Colonel Alexander B. Cox, of the army general staff corps, arrived here today to take up the local angles of the war department's inquiry into responsibility for the escape of Grover C. Bergdoll from two army guards here last Friday. No trace has been found of the fugitive by the federal and civil agents searching for him.

None of all sorts reached the federal authorities today, one of them to the effect that Bergdoll had planned to leave the country.

MEN MUST WEAR "GIVIES."

Paris, May 24. — Men workers of the American Red Cross stationed in Paris have been ordered to wear civilian clothes, beginning June 1. The women workers have the option of wearing a uniform or their usual attire.

The order was to have become effective on May 1, but the Parisian tailors could not be hurried, and it was necessary to postpone the date.

AMEND CIVIL SERVICE ACT.

Albany, May 24. — Not more than 50 bills amending the civil service act, for the purpose of simplifying civil procedure in the courts of the state, have been signed by Governor Smith. It was announced tonight at the executive chamber. Among the bills is one carrying an appropriation for the expense of a convention to be held for the purpose of preparing and adopting rules of practice.

INDIGESTION? LET GOLDINE NO. 1 HELP YOU GET RID OF IT

Indigestion is disagreeable and dangerous. Unpleasant because of the pain and ache which accompany it, because you cannot eat the things you want to eat and should eat, dangerous because it puts your stomach in a weakened condition, a condition which enables germs of all diseases to get a hold on you; dangerous because it causes a large quantity of food which often travels to the vicinity of your heart and might, if not restricted, stop the heart action through pressure and cause your death without warning.

Therefore, it seems that indigestion, while apparently a slight ailment, may cause dangerous and fatal results and something which should be fought off at once. And the simplest, easiest, surest way of fighting it off is to treat yourself with Goldine No. 1, the herb remedy.

Mr. Gustav Frier of 19 Spruce street, Rensselaer, N. Y., writes: "I bought one box of Goldine No. 1 tablets and can truthfully say I have been benefited by them. My food digests better, my headaches are not so severe and the gas and bloating is gone."

If Goldine will do that for Mr. Frier, it will do it for you, too. Don't risk your health any longer. You can get Goldine in your city. It's sold at Slade's Drug store.

DEFLATION OF CREDIT CONTINUES YESTERDAY

Higher Discount Rates Posted—Session of Exchange Devoid of Special Feature

New York, May 24.—The session of the stock exchange today was devoid of special features, aside from the superficial character of the trading. Financial, industrial and commercial developments over the week-end seemed to offer little immediate relief from recent unsettled conditions.

Deflation of credit made additional progress under the supervision of the Federal Reserve board.

Signs of a break in the freight blockade were apparent, but merchants at important eastern and western centers reported further diminution of activity, and slower collections, attributed partly to the price cutting crusade.

Mexican affairs assumed more serious aspects, the shares of leading oil companies operating in that country being under constant pressure with low-grade domestic issues of the same description.

Shorts experienced little difficulty in effecting further price impairment of steel, equipments, motors, the food group, and rails, the latter forfeiting much of the advance made on recent announcement of the establishment of the government's revolving fund. The one particularly strong feature was Atlantic Gulf, which closed at a gain of almost nine points.

Dealings in bonds were relatively light, the Liberty and Victory issues yielding part of last week's advance with several of the foreign war issues, while domestic rails and industrials were irregular.

Old United States bonds were unchanged on call.

INDUSTRY IN BELGIUM

In sharp contrast to conditions in France, England and Italy on the one side of the great war and of Austria and Germany on the other, and leaving out of the question, if one chooses, the United States, though there is reason for reflection even here, is the present general condition of Belgium, alike agriculturally, commercially and financially. All the other countries are beset with labor troubles, with strikes, and with various financial and commercial crises, and they have none of them advanced very far toward that of general welfare, which should distinguish the era of peace.

Different by far is the state of things in Belgium. In every line of activity, says Emile Francqui, a representative of that country now in the United States, Belgium has made rapid strides. Though her coal mines were in large part destroyed by the Huns, they have so far been restored that this year's output will be as great as was that of 1913, the year before the war, if not in fact a little ahead of it. Belgian railroads are now hauling 50 percent of their normal pre-war freight, the iron and steel industries are 40 percent efficient, the commerce of the country is rapidly being restored and the farming districts are rapidly regaining their earlier condition.

"One of the greatest factors in the progress of Belgian industries," says M. Francqui, "is the attitude of the native laborers, who have been extraordinarily loyal in the face of trying circumstances. Our workmen are not Bolsheviks, they are not anarchists, they are not radicals; they are workers. We can rely upon them up to the opportunity afforded them. Our socialists are as loyal nationally as are our conservatives. In this situation, Belgium has an asset of incomparable value. The strength and credit of a nation depends on the quality of its individuals. On this basis where in history has there been a finer exhibition of stability than that in Belgium since the armistice?"

AVERAGE EARNINGS LESS.

The latest report of the State Industrial commission, which has to do with occupations and compensation of workers in the various manufacturing plants of the state, reports slightly decreased earnings for the month of April, and in many instances reduced number of men employed. The average weekly earnings of 520,000 employees of 1,648 manufacturers show that the average was \$27.50 weekly, and that this is only a two per cent reduction from the figures of March. Seasonal movements at this time tend to decrease employment in some occupations and to increase it in others.

The chief decrease in earnings can be attributed to the interference with the freight movements caused by the strike. In steel plants there was a lay-off of a considerable number of men, but the wages of those retained were lower than in March. Failure to receive shipments of material also held up the automobile industry and like reasons caused part-time work and consequent reductions on cereal and meat products industries. This is true also of the cracker and baking industry; but aside from this reason, there were considerable reductions in clothing and shoe industries.

In contrast, there has been a notable increase of wages in wood-working and allied industries, due to the revival of building operations with the spring. The largest increases were in the cement and lime works, where they averaged an additional \$5.46 per week.

HOP GROWING LOOKING UP.

New Acreage Being Set Out—Contracts Already Made.

If you want to talk to an optimist of the grade A kind, just get one of our local hop growers into conversation and let him tell you that his business is looking up with every prospect of continuing to look up for some time. The high cost of sugar, of gas of clothes and other things "too numerous to mention" may interest you and me, but the only high price that excites him is the top notch figure being offered for his product.

A few weeks ago we told you how the market was opening here in the spring winter with a price of 75 cents, that in the old days was considered a mighty fine closing figure. Since then the price has gone to 80 cents and at that figure two local growers have signed their contracts already. Other growers are evidently going to take the hop-grower's risk on a higher price later in the season. All prospects point to a steady market with a possibility of a dollar a pound.

And this also explains the unprecedented demand for hop sets for increasing acreage. Hop sets are as scarce as hen's teeth and those that can be obtained are gobbled up at big prices.—Middleburgh Gazette.

AN ONEONTAN IN MEXICO

Earle Hoyt, Engineer with Continental Mexican Petroleum Company, Writes to Parents Concerning Recent Events in Revolutionary Republic—Courteous Customs of Nations in Civil War.

Mr. and Mrs. J. G. Hoyt of this city are in receipt of an interesting letter from their son, Earle, who as an engineer is now employed with the Continental Mexican Petroleum Company, and is located at Tampico, Mexico. The letter, which though written on May 9, prior to the tragic outcome of Carranza's flight for life, contains much of general interest in connection with the revolution that The Star is pleased to print it practically in full. The letter is as follows:

"I suppose that today's papers," writes Mr. Hoyt, "have set you people wondering how things are going with us. All o. k. I have no idea what the papers have said, but whatever it was, only about one-half of it is true. "As I have told you before, we have been uncertain about the military service for some time past, but until a week ago Saturday, that was as far as the revolution had affected us. That Saturday, the day of May, was a big holiday (Labor day) here, and we were warned that there was liable to be trouble in town, but the day passed quietly. I was over in the city in the afternoon, and saw a parade in which the red flag was very evident, but everything was as quiet as a church.

"Things remained quiet till the day before the 'Cinero de Mayo' (5th of May)—a big holiday—and then we were warned by the American consul that there was liable to be trouble that day, and that we had best stay off the streets as much as possible. It was rumored that the Obregonistas (the rebels) had sent word to the city that they would occupy it on that day and demand the surrender of the Carranzista garrison. This is the custom in this country. The attacking force always sends in word that they are coming and generally that is all that is necessary. However, nothing happened on the 'Cinero de Mayo' and our outfit worked all day. Things seemed quiet then, but we all knew that before many days something was bound to happen and although there was some tension in the air, work went on as usual.

"During this time, Palaez who is allied with Obregon had gained control of all the South Oil fields, and was demanding the export tax on oil to be paid to him. Carranza, although he had no control in the fields was also demanding the tax and the oil companies had taken the matter up with our State Department in an effort to find out to whom the tax was to be paid. I do not know whether this matter has been settled but doubtless the Obregonistas will collect it now that Carranza is out of a job.

"As I said, things were quiet till yesterday morning when word was brought across the river that things were doing in Tampico and that those men, who had wives over there, had better go over to be with them. The Obregonistas had arrived, or at least a few of them had come and nearly all of the Carranza garrison had fled to that side. The few of the Carranza men (mostly officers) who remained loyal had barricaded themselves in the Custom house, which was the only spot in the city which was not all Obregonista.

"We did not know all of this till later in the day, but we did know that there was something doing, and so to play safe all the women were gathered together in the company's house in town and arrangements were made for a quick getaway in case things broke loose.

"About five in the afternoon a ship left the custom house wharf with all that was left of the Carranza outfit and that was about the end of the trouble in Tampico. In the evening the new commander of the city issued a manifesto to the effect that the new government was in complete control and giving full guarantees to the people, the city, and all business.

"The rebels have done some commandeering of horses, launches, etc., but they have been very polite and respectful and we look for things to go on as well if not better than they have in the past.

"There is one place on the rail line between here and the border that is still held by the Carranzistas, but that is not expected to continue more than two or three days longer.

"We hear tonight that Carranza has been forced to leave Mexico City and is now in Vera Cruz, so he is probably on his last leg and that is shipping.

"Guess this is enough for tonight. Am hoping to get this out on a boat Monday for the trains are entirely uncertain. Hope things straighten out soon.

"Earle."

Fifteen Billion Dollars Spent for Luxuries by Americans in One Year.

A recent dispatch from Washington says:

The American people, during the fiscal year ending June 30 next, will have spent \$15,000,000,000 on luxuries alone. Secretary of the Treasury Houston said that this was a conservative estimate of the amount spent extravagantly.

"Wastefulness of the people has been amazing," Secretary Houston said. "Our people thus have spent purely for luxuries in a twelve month period an amount equal to the entire war debt. The nation's whole war debt does not exceed the fifteen billion dollar mark, exclusive, of course, of loans to foreign countries."

Greater caution in expending money is beginning to be noted by treasury field agents, Secretary Houston declared.

OTSEGO AND DELAWARE CROPS.

Completed. State Figures of Chief Farm Products for Year 1919.

The complete crop summary of principal grain products in the state of New York for the last fiscal year has recently been issued. In it are many facts which will be of interest in the counties of Otsego and Delaware, insofar at least as they refer to the principal farm products, save from the dairy, in these counties.

In Otsego county in 1919 the average of corn per acre was 45 bushels, of silage 14 tons, winter wheat 23 bushels, spring wheat 19 bushels, oats 22 bushels, barley 26 bushels, rye 26 bushels, buckwheat 22 bushels, hay 1.44 tons, alfalfa 2.7 tons, Potatoes 125 bushels.

In Delaware the corn yield was 42 bushels per acre, silage corn 15.5 tons, spring wheat 14 bushels, oats 24 bushels, barley 35 bushels, rye 16 bushels, buckwheat 22 bushels, hay 1.42 tons, potatoes 120 bushels.

These figures are for both counties above the average of the state for potatoes, corn, silage and buckwheat.

Bird at Port au Prince.

A postal card from Editor Arthur Bird of Sydney announces his arrival at Port au Prince, Hayti. It is dated, May 14, and he, commenting on that island, says: "A beautiful tropical country, an earthly paradise, where the poet tells us 'man alone is vile.'"

HOW TO BE RID OF DANGEROUS DANDRUFF

If you have dandruff you must get rid of it quick—it's positively dangerous and will surely ruin your hair if you don't. It causes itching, redness, and makes your hair fall out. It is a sure sign of a diseased scalp.

The only sure way to abolish dandruff for good is to destroy the germ that causes it. To do this quickly, surely and safely, and at little expense, there is nothing so effective as Parisian Saxe, which you can get from Geo. S. Saxe and good druggists everywhere. It is guaranteed to banish dandruff, stop itching scalp and falling hair, and promote a new growth of the most beautiful hair.

Parisian Saxe is a scientific preparation that supplies all the needs of an antiseptic liquid, neither sticky or greasy, easy to apply, and delicately perfumed.

Fifteen Billion Dollars Spent for Luxuries by Americans in One Year.

A recent dispatch from Washington says:

The American people, during the fiscal year ending June 30 next, will have spent \$15,000,000,000 on luxuries alone. Secretary of the Treasury Houston said that this was a conservative estimate of the amount spent extravagantly.

"Wastefulness of the people has been amazing," Secretary Houston said. "Our people thus have spent purely for luxuries in a twelve month period an amount equal to the entire war debt. The nation's whole war debt does not exceed the fifteen billion dollar mark, exclusive, of course, of loans to foreign countries."

Greater caution in expending money is beginning to be noted by treasury field agents, Secretary Houston declared.

LOCAL MENTION.

—Royal Rebekah lodge will hold a
supper in Odd Fellows' hall Saturday
night, May 29. Watch Saturday's Star
for the menu.

—The Merchants' association has
been called to meet in the Chamber of
Commerce rooms Wednesday morning
at 9:30 to discuss the advisability of
closing stores one afternoon a week
during the months of July and August,
as has been the custom for the past
two years.

—The attention of readers is called
to the revised time card of the Coop-
erstown-Oneonta bus line now appear-
ing in our advertising columns. The
former service has been doubled, and
there are now four trips made each
way daily between Oneonta and the
county seat.

—Only two gardens on the plateau
in Wilber park remain unassigned
but a few still remain on the flats.
The persons to whom these plots have
been assigned will have them ploughed
today. Those who desire one of the
remaining gardens are urged to
make application at once.

—Mrs. Marjorie L. Griffin has sold
her house at 25 Central ave-
nue to C. Luther Peck of
7 Elm street, who will oc-
cupy the same as a residence. Mrs.
Griffin in turn will occupy the flat
she is building over the store on
Church street as soon as it is com-
pleted.

—Theresa Sherman and her jazz
band, which will be one of the fea-
ture attractions at Sherman lake this
summer, appeared at both perform-
ances at the Oneonta theatre last eve-
ning and delighted large audiences.
The act is making a hit wherever given,
and is sure to be a drawing card

—The Public Service commission
announces a new rate of 75 cents a
ton for stone dust and stone screen-
ings from Oneonta to West Oneonta
when coming on D. & H. from New
York state points from which there
is no joint rate in effect. This rate is
via the Southern New York com-
pany's lines, and is a reduction of 5
cents per hundred weight.

—Mayor A. E. Ceperley has received
a telegram from the Klipschke
Boys of New York, made up of men
who formerly lived in Oneonta, an-
nouncing that they will visit the home
folks on June 18, 19 and 20. The in-
vitation was extended by the Oneonta
delegation attending the annual ban-
quet last winter at the Park Avenue
hotel in New York, and arrangements
will be made to give the boys "a hot
time in their old home town." Every-
body's gonna help.

ARRANGEMENTS FOR ANNUAL
CELEBRATION NOW WELL
UNDER WAY.

Local Exercises at Riverside Cemetery
Following Parade Through Main
Street — Prof. Fizzle to Deliver
Address of Day.

Arrangements for the formal and
appropriate observance of Decoration
day in Oneonta on next Monday are
well under way, and it is believed that
the exercises will be among the most
impressive and interesting ever held
in this city. In the morning there will
be no formal observance, but there
will be the private and informal dec-
oration of many graves by friends, re-
latives and members of the various or-
ganizations. At 12 noon, continued to
12:05, the church bells of the city will
toll, during which time all citizens are
requested to stand with uncovered
heads. The parade will form at 1:30
o'clock, on Main street, right resting
on Chestnut, and will move in the fol-
lowing order:

After the decoration of the graves,
the column will reform at the gate
and march to the Municipal building,
where the memorial address will be
delivered.

The patriotic organizations and citi-
zens generally are urged to attend this
part of the exercises, and it is hoped
the hall will be filled. The following
is the program:

All member of the organization re-
ceiving five votes in the primary are
declared nominees from which his-
tory directors will be chosen by ballot
at the election to take place immedi-
ately after the report of the tellers.
Reports of the year's activities of the
Chamber of Commerce will be read
by the president, secretary and treas-

BAND OPENING FOR CARNIVAL

But Williams Standard Shows Are
Expected to Get Into Full Swing
Today—Motor Buses Provide Spec-
ial Trips.

Yesterday was a rather unfavor-
able day for the opening of a car-
nival, and although the rainy weath-
er had its effect, there was never-
theless a goodly number on the
grounds at Neahwa park last evening
for the scheduled opening of the Wil-
liams Standard shows. Owing, how-
ever, to the fact that the carnival
company was several hours late in
arriving in Oneonta from Buffalo, not
reaching here until after 3 o'clock
yesterday morning, there was of
course some delay in getting all the
paraphernalia in place, and by even-
ing only a part of the concessions
and other attractions were open. It is
a laborious task to get a carnival in
shape, owing to the many heavy
wagons and machinery that must be
handled.

At 7 o'clock last evening, the City
band, under whose auspices, together
with the fire department, the car-
nival is given, gave a brief concert
on Main street and then proceeded
to the park to officially open the car-
nival. A drizzling rain set in soon af-
terwards, however, and rather damp-
ened the celebration for the rest of
the evening.

With clear skies today, Chairman
McDonough, of the entertainment
committee in charge of the affair,
promises that the carnival will be "go-
ing strong" tonight. The remainder of
the amusements, including the me-
chanical fun-making contrivances, will
be put into place this morning, if
weather permits, and by this after-
noon the carnival will get into full
swing. Indications yesterday were that
the carnival is the largest and best
that has ever visited Oneonta, and
nights of fun-making are in store for
Oneontans this week, if the weather-
man so wills.

In order to accommodate out-of-
town people who wish to attend the
carnival, the proprietors of the Coop-
erstown and Worcester motor buses
have arranged special service for ev-
ery night this week. The Cooperstown
bus leaves that village at 5:15 p. m.,
arriving here at 6:40, and starting the
return trip to Cooperstown at 11. The
Worcester bus leaves there at 6:30
and arrives in Oneonta at 7:50, also
starting back at 11 p. m. (All of these
hours are on old time). Both buses go
direct to the carnival grounds and
start their return trips from there.
The regular trips are of course made
during the day.

LIBRARY INSTITUTE PROGRAM.

Interesting Discussions Mark the Dis-
trict Meeting in Oneonta Today.

The District Library institute, which
will be held today at the rooms of the
Oneonta Public Library, will open at
10 a. m. The noon recess from 12 m.
to 2 p. m. will afford opportunity
for the visitors to inspect the new
library building in Huntington park.
There will be talks at the morning
session by Miss Alden, librarian of the
Normal school, on "Reference Facili-
ties and Service," and by Miss Sabra
Vough, state organizer for school li-
braries on "Cooperation Between
Library and School." Other speakers
of the morning will be Miss MacDon-
ald of Sidney, Mrs. Floyd of Coop-
erstown, Miss Thompson of Oneonta,
Mrs. Hoxie of Edmeston, Miss Tal-
cott of Sidney, Mrs. Bassett of Walton
and Mrs. Kirby of Bainbridge.

In the afternoon Prof. Curtis of
the Oneonta Library board will pre-
sent the "Books for Everybody" cam-
paign; Mrs. Blackall will talk on
"Making Friends for the Library;"
Mr. Brings of Springfield Center on
"Better Library Support;" and Miss
Cokeley on "Popular Non-fiction." There
will also be a round table dis-
cussion on co-operation, and an in-
formal discussion of recent and new
best books.

The speakers named will occupy
from 10 to 15 minutes each and each
talk will be followed by an informal
discussion.

RACING AUTO OVERTURNS

But Occupants, Including Oneonta
Man, Escape Injury in Accident
at Wells Bridge.

Wells Bridge May 21. — There was
quite some excitement for this little
village last Friday evening when a
Ford touring car racing through here
at top speed overturned and pinned
its occupants underneath. Luckily, no
one was seriously hurt.

The touring car, run by an Oneonta
man, was passing through the village
at a fairly moderate speed, when a
runabout with Franklin parties came
from behind and tooted to go past the
Ford. The persons in the Ford evi-
dently didn't want to let it, and im-
mediately began to speed up. Then
the race was on, and continued until
the residence of Miss Jennie Carr was
reached, when the Ford left the road
at high speed and overturned in the
yard, pinning the occupants under it.
The other car in the race then stop-
ped and its occupants helped release
the people under the Ford. All three,
one of whom was a woman, said they
were not hurt, but the two men suf-
fered slight bruises. They hailed from
Oneonta. The car was not badly
damaged and ran to the repair shop
at Oneonta under its own power. The
wind shield was smashed and the
steering gear damaged.

It is a common occurrence for cars
to race through the village at top
speed, and as the practice is a danger-
ous one, it should be discontinued, but
probably will not be until a few more
such spills as described above occur.

Baseball Practice Today.

Weather permitting, baseball prac-
tice of the Oneonta team will be held
at Neahwa park this afternoon at 5
o'clock. It is desired that all ball
players report so that the manage-
ment will have a good squad to pick
from for opening game at Norwich
Sunday.

BENJAMIN JANE DEAD.

Aged and Highly Respected Resident of City Dies Monday at Hospital.

Benjamin Jane, who for the past 26 years had been a resident of Oneonta, and until failing health compelled his retirement about three years ago, an employee of the D. & H. shops, died at the Fox Memorial hospital at 2:30 o'clock Monday morning. He had for some months been failing and for the past five weeks he was a patient at the hospital. He suffered from a complication of diseases, but the immediate cause of death was diabetes. The funeral will be held at 2:30 o'clock Thursday afternoon at the home of his son-in-law and daughter, Mr. and Mrs. Ira A. Silliman, 7 Otsego street, with whom for several years he had resided, and who had most tenderly cared for him. His pastor, Rev. Dr. Charles S. Pendleton of the Main Street Baptist church, will officiate, and burial will be in the family plot in the Plains cemetery.

Mr. Jane was born July 25, 1848, in

Devoran, Cornwall, England, and was by occupation in early life a ship carpenter. He came to the United States about 45 years ago, but later returned to England, where he remained for about eight years. On his return to America he came to Oneonta, which city was thereafter his home, and where, as above stated, he was employed in the local railroad shops so long as his health permitted him to engage in any active labor. He was a consistent Christian, a member of the Main Street Baptist church, and his life was evidence of the sincerity of his faith. He was a loving husband and father and a good neighbor. Though a great sufferer, he bore his illness with the noblest fortitude, and at the end passed peacefully into rest. The deceased is survived by three children, Mrs. Silliman above named, Howard D. Jane and Miss Mabel Anne Jane, all of Oneonta, also by four grandchildren—Gertrude and Camilla Silliman of Oneonta, and Harold and Gertrude Jane of Mooseheart. The two latter are children of William Jane, who was killed in a railway accident at Schoharie Junction in 1912. Mrs. Benjamin Jane, whose maiden name was Lillis Gertrude Taft, died about six years ago.

Mr. Jane was a skilled and faithful workman. He was well known and highly respected by his former associates in the shops and by citizens of Oneonta. The family will have general sympathy in its bereavement, and in particular Mrs. Silliman, who for several months has been ill and is still confined to her bed.

The hostess who realizes the importance of the right kind of refreshment always has Bivva tea in readiness. advt 6c

George H. Smith, foreman for the D. & H. at Delanson, W. E. Fisher, occupying a similar position at Mechanicsville, and O. J. Hughes, in a like position at Mohawk, arrived in the city last evening, called here for a conference today.

Mr. and Mrs. Edward D. Lewis, who had been making an extended stay in California, have returned home and are planning to open Collectart, their summer residence on South Side later in the week. Mr. and Mrs. E. Burke Holliday of San Francisco, Cal., are expected next month for a visit here.

George I. Wilber left Monday for New York city, where today he will attend the regular directors' meeting of the Delaware and Hudson company. Next week he will accompany the officers and directors of the company on their annual inspection tour of the company's properties in this state and Pennsylvania.

Resolutions of Respect.

Whereas, the Divine Father in His infinite wisdom has removed from our midst our beloved sister, and one of our charter members, Mrs. Chester Brownell, and

Whereas, in her death, we have lost one whose presence was ever a pleasure in our midst.

Therefore, resolved, That we extend to the bereaved family our heartfelt sympathy, and

Resolved, That a copy of these resolutions be printed in the Oneonta Star, a copy be spread on the minutes of this order and a copy be sent to the family.

NATIONAL Y. W. C. A. APPEALS

For Work with the Army and Navy at Home and Abroad.

The National Y. W. C. A. is sending out a call for funds with which to finance the women's work connected with the army and navy both at home and abroad, which work cannot be dropped, but which can no longer be financed with war funds. Therefore the committee appeals to women in every part of the country to help them carry on.

In addition to the war work, there are over 1,100 centers at which work touching every phase of a girl's existence is done—physical, educational, recreational and religious. There are housing facilities in the large industrial centers to be cared for and recreation summer camps, of which there are 45, the largest being located at Altamont.

The committee in charge of the work in Oneonta is composed of the following women, representing the various churches and business women: Mrs. Harry W. Lee, chairman; Mrs. Edson J. Farley, Mrs. I. S. Dauley, Mrs. Samuel R. Dibble, Mrs. Eckler, Mrs. Ethel Beach, Mrs. Bernice Sheldon, Mrs. W. D. Butler, Mrs. F. N. Horton, Mrs. Samuel Borst, Mrs. Robert Hall, Mrs. Elizabeth M. Blakely, Mrs. Fields Hackett and Mrs. Frank McFee.

Make Your Own BUG KILLER P. D. Q.

You can easily make at home a full quart of the strongest bug-killer for 35c, enough to kill a million bedbugs, roaches, fleas and ants. This recipe will not burn, rot or stain the clothing and is entirely different from any other formula we know of, as this will kill the eggs. Procure of your druggist a 35c package of (Pesty Devils Quietus) P. D. Q. then you will have the chemical made expressly to rid hotels, hospitals and dwellings of pesky bedbugs and other insects. Impossible for the pesky devils to exist with the proper use of P. D. Q. Special Hospital size \$2.50—makes 6 gallons—your druggist has it or he can get it for you or sent prepaid either size by the Owl Chemical Co., Terre Haute, Ind., upon receipt of price. Look for the devil's head on every package.
